### VANDALISM DOUBLES HARBOR COST

Selectmen and Finance Committee members met with Harbormaster Karl Collyer to discuss the budget for the Harbormaster already expended with only half the year gone. Extraordinary expenses caused by the new boat and vandalism to the boat trailer, the boat and to other privately owned boats moored in the harbor have exhausted the whole budget to date. Collyer estimated that another \$800. would be needed to see him through the fiscal year. After an explanation of all of the new and unexpected expenses which included \$200. to repair the boat trailer, \$115. damage to boat wiring, battery and

#### DOG LAW CLARIFICATION SOUGHT

Mr. John Hill, summer resident of Briar Road, Point Connett, met with Selectmen concerning a warning left at his home by Dog Officer Penny Hiller. Mr. Hill said that his family owns 3 adjoining pieces of property and his springer spaniel is allowed to wander from one to the other without restraint and that the dog is trained to stay within those bounds except when crossing the street. Mr. Hill said that, unless a complaint had been filed, he felt the dog should be allowed the freedom of his property and the private road. If a complaint had been filed he asked to see it. The Selectmen were unaware of the incident but promised to check with Mrs. Hiller to

Selectmen received notice that Saunders Avenue has been renamed Crook's Way as desired by owner/developer David Crook.

### BROCHURE RECEIVED

Selectmen received samples of a brochure designed to promote the Corporate Park off North Street. It outlines the educational facilities, both in Mattapoisett and Southeastern Massachusetts University. A short history of the town is included and an illustration of the proposed Corporate Park. Distances from major population centers are given and a description of climate conditions are included. The printing of 10,000 will be used to promote the Corporate Park, if the town finds it desirable to proceed with such a project, and will be available to other town business interests.

# The Audettes would much rather follow our red brick path.

Both Al and Kathy Audette say they like banking with us because of the many, many services we provide and the way we treat them.

Whether they bank inside, or outside at one of our drive-up windows, doesn't matter. The Audettes, like so many of our customers, would rather take a few minutes longer to drive to our place than bank at several others closer to home.

The way we see it — just like the Audettes of Fairhaven — there are banks and there is our bank.

Even the younger members of the family — Greg and Nicole — like banking with us.

## Letter to the Editor

The Parents' Group would first of all like to thank the Superintendent for considering our concerns relative to the 8th grade Algebra program, and, also, the School Committee, particularly Chairman Ryan, for making the time available for all of us to be heard. We realize that this study is still incomplete due to the interruption of summer vacations; however, we look forward to the answers to all our questions as soon as the staff returns and is able to collect and review the data.

It was rewarding to have the physical support at the committee meetings of so many parents. This support and concerted effort has evidently been long lacking over so many years and has led to a decline in the standards our schools have set for our children. The time has

We parents who brought this issue to the surface would like to urge all parents of ORR students to form an active parents' group so that all the programs will have parental input and evaluation. Some of our school committee members have pleaded for this support and insight and would welcome the help of the parents and fellow taxpayers.

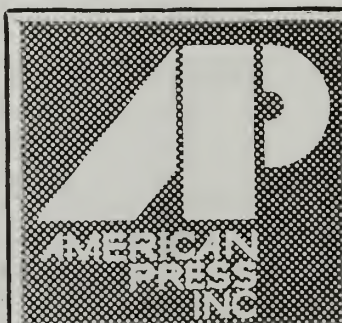

Within the month of September we shall be asking for support of fellow towns' members of Rochester, Marion and Mattapoisett in forming our "Parents Group for ORR". Please consider joining us.

## Gateway: "Rainmaker"

DELIGHTS AUDIENCE

A Review: Edith Byrnes

"THE RAINMAKER", a romantic study of the life of an old maid popularized during the fifties on the screen with the Paramount version starring Katherine Hepburn and Burt Lancaster, was an opening night crowd hit at the Gateway Playhouse, Route 6, Wareham. This simple little story by N. Richard Nash catches much local color and feeling for the language of midwestern Americana. It's droll and quite witty without being overly intellectual.

Larry Bennett has just the right flare to capture a young lady's fancy as the fast talking rainmaker. Sandy Jackson has unique appeal as Miss Lizzie. Kevin Michael Feeley both

## DUFF PLUMBING ANNOUNCES

We have added another truck to our fleet expressly for the Marion, Wareham & Rochester area residents. We have had such an increase in calls that we have decided to install a direct, toll-free "Hot Line" for these customers. We have our plumber, Chet, who is a local resident and knows the area well. He will have a well-stocked supply of plumbing needs right at hand.

Are you disappointed to find yourself waiting two days for a plumber, then have him arrive with a helper to carry the tool box, and receive a bill for two men? We pride ourselves on sending one man on service calls.

We take good care of our old customers; it is new customers we are looking for.

invading New England from Canada, isolating rebellious New Englanders from the other colonies, and rallying flagging Loyalist support in upstate New York.

British, Hessian, and American weapons, historically associated with the campaign, will be on view as part of the exhibit. One outstanding item in the exhibit is General Rufus Putnam's sword which had been presented to him by General George Washington. Putnam (1738-1824) was appointed by Washington as Chief Engineer of the Army, and it was Putnam who was responsible for building the fortifications on Charlestown and Dorchester Heights from which the American army forced the British to evacuate Boston in 1776. At Saratoga, Putnam commanded the 5th Massachusetts Regiment, and as a participant at the surrender ceremony, was included in the famous painting of that event by the noted American artist, John Trumbull. PUBLIC ANNOUNCEMENT ATTACHMENT No. 3

ELIGIBILITY CRITERIA FOR FREE AND REDUCED PRICE MEALS AND FREE MILK

(Also applicable if breakfast is available.)

The Old Rochester Regional School District and School Superintendency Union #55 today announced a free milk and free meal and reduced price meal policy for school children unable to pay the full price of milk and meals served in schools under the National School Lunch, School Breakfast Program and Special Milk Program. Local school officials have adopted the following family size-income criteria for use in determining eligibility.

#### INCOME ELIGIBILITY CRITERIA

##### FAMILY SIZE AND GROSS INCOME SCALES

Family Size (All members of household)	Maximum Gross Income for Free Milk and Free Meals	Maximum Gross Income for Reduced Price Meals
One	\$0 to \$ 3,930	\$ 3,931 to \$ 6,120
Two	0 to 5,160	5,161 to 8,050

Three	0 to 6,390	6,391 to 9,970
Four	0 to 7,610	7,611 to 11,880
Five	0 to 8,740	8,741 to 13,630
Six	0 to 9,860	9,861 to 15,380
Seven	0 to 10,890	10,891 to 16,980
Eight	0 to 11,910	11,911 to 18,580
Nine	0 to 12,840	12,841 to 20,030
Ten	0 to 13,760	13,761 to 21,470
Eleven	0 to 14,680	14,681 to 22,890
Twelve	0 to 15,590	15,591 to 24,310
Each Additional Family Member	910	1,420

Children from families whose income is at or below those shown are eligible for milk and meals free or at reduced prices. In Addition, families not meeting this criteria but with other special hardship conditions due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply. Further, children having parents or guardians who become unemployed are eligible for free or reduced price meals or for free milk during the period of unemployment, provided that the loss of income causes the family income during the period of unemployment to be within the eligibility criteria. Should your income or family size change, contact the approving official.

To discourage the possibility of misrepresentation, the following statement is placed just above the parents' or guardians' signature on the application; "I certify that the above information I have given is true and correct, that the application is being made in connection with the receipt of State and Federal Funds, that school officials may for cause: (1) request an informal conference with the parents to substantiate the information on the application (or if requested by either party the Fair Hearing Procedure may be used); (2) verify the information on the application, and that deliberate misrepresentation of the information may subject the applicant to prosecution under applicable State and Federal criminal statutes."

Parents should clearly understand that every meal served in schools is subsidized to a greater or lesser degree by State-Federal reimbursements. Those lunches served at full price are subsidized as well as those served free or reduced. Therefore, there should be no reluctance to apply for either a free or reduced price meal. If your family size, and gross income is within the "Income Eligibility Criteria" for free or reduced price meals, we urge you and all eligible parents to fill out the application. The intent of these programs is to improve the nutrition of all children.

They may do so by filling in the application forms sent home with a letter to parents. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility. Applications may be submitted any time during the school year. In certain cases foster children are eligible for free milk and free meals or reduced price meals regardless of your family income. If you have such children living with you and wish to apply for such milks and meals for them, please file a separate application for each child, and indicate amount of State support only as income.

Under the provision of the policy the Principal will review all applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may wish to discuss the decision with the approving official on an informal basis or make a request either orally or in writing for a hearing to appeal the decision to Andrew J. Santos, Business Manager, 135 Marion Road, Mattapoisett, MA. 02739.

Hearing procedures are outlined in the policy and a complete copy of the policy is on file in the office of the superintendent of schools where it may be reviewed by any interested party.

The policy also provides that there will be no overt identification and/or discrimination against any child because of his race, sex, color, national origin, in the operation of the child feeding programs.

### WOOD AS AN ENERGY SAVER

Wood was once the mainstay of our home heating fuel. However, society advanced and technology provided alternative sources of fuel and methods of converting this fuel into home heat. Society is still advancing, but we are once again looking at wood as a source of fuel. This renewable resource can be used very nicely as an alternate source of heat to augment the now conventional sources.

The fireplace and wood burning cook stove were considered aesthetic and quaint just a few short years ago. These implements, along with many others, now being developed, are becoming standard equipment in many homes as a source of heat.

On two Wednesdays, September 14th, and 21st, and Saturday, September 24th, the Plymouth County Extension Service, in cooperation with the Mass. Division of Forests & Parks and the Environmental Study Program at Brockton High School, will be presenting a program entitled "Wood
